<p>11:00-12:30</p>	<p>Getting the POST into Perioperative Medicine Chairperson: Professor Donal Buggy (Mater University Hospital, Dublin)</p> <p>How to get the postoperative period into perioperative medicine practice Professor Monty Mythen (University College London, United Kingdom)</p> <p>Wireless monitoring postop and links to outcome Dr Thomas Scheeran (Groningen, The Netherlands)</p> <p>Could periperative medicine actually improve patient outcomes? The EPOCH Trial Professor Rupert Pearse (Royal London Hospital, United Kingdom)</p>	<p>ICU Session: Too old for ICU? Chairpersons: Dr Brian Marsh (Mater University Hospital, Dublin) & Dr Catherine Motherway (University Hospital Limerick)</p> <p>The very old intensive care patient study: what we learned Professor Hans Flaatten (Bergin, Norway)</p> <p>Traumatic brain injury in an elderly population Professor David Menon (Cambridge, United Kingdom)</p> <p>Blood pressure as a target for elderly patients with shock Professor Shelley Magder (Montreal, Canada)</p> <p>Development of a prognostic tool for very old ICU patients Professor Hans Flaatten (Bergin, Norway)</p>	<p>Level 5 Corridor e-Poster Presentations</p>
<p>Lunch and Trade Exhibition 12:30-13:30</p>		<p>CAI AGM Chair: Honorary Secretary , Dr Anne Hennessy Canal Suite 2 12:30-13:30 <i>*Packed lunch provided</i></p>	

13:30-15:00	<p>Anaphylaxis in Anaesthesiology Chairperson: Dr Anne Hennessy (Beaumont Hospital, Dublin)</p> <p>The science of anaphylaxis from the clinical immunologists' view Dr Con Feighery (St James's Hospital, Dublin)</p> <p>NAP6: Perioperative Anaphylaxis Professor Tim Cook (Bath, United Kingdom)</p> <p>Other lessons from NAP6 Dr Immanuel Hennessy (Auckland, New Zealand)</p>	<p>ICU Session: Improving outcomes in Neurocritical Care Chairpersons: Dr Rob Plant (Cork University Hospital) & Dr Rory Dwyer (Beaumont Hospital, Dublin)</p> <p>Optimising oxygen delivery to the injured brain with transfusion and prognostication after traumatic brain injury Professor Alexis Turgeon (Quebec, Canada)</p> <p>A wiser approach to second tier therapies Professor David Menon (Cambridge, United Kingdom)</p> <p>Decompressive craniectomy: indications, techniques and complications Professor Andrew Maas (Antwerp, Belgium)</p> <p>Prognostication after traumatic brain injury Professor Alexis Turgeon (Quebec, Canada)</p>	<p>Level 5 Corridor e-Poster Presentations</p>
<p>Tea and coffee 15:00-15:30</p>		<p>CAT AGM 15.00 – 15.30</p>	
15:30-16:00	<p>Plenary Lecture: Chairperson: Professor Ger Curley (Beaumont Hospital, Dublin)</p> <p>Mechanical ventilation: State of the Art Professor Laurent Brochard (Toronto, Canada)</p>		

<p>16:00-17:30</p>	<p>Fluids in Perioperative Organ Protection during Major Surgery Chairperson: Dr Kevin Clarkson (University Hospital Galway)</p> <p>Crystalloid or colloid and a little or a lot? Dr Leo Kevin (University Hospital Galway)</p> <p>Goal Directed Therapy: Is it still critical? Professor Rupert Pearse (Royal Hospital London, United Kingdom)</p> <p>New concepts in patient controlled fluids Professor Monty Mythen (University College London, United Kingdom)</p>	<p>ICU Session: Monitoring in ICU: worth the effort? Chairpersons: Dr Ed Carton (Mater University Hospital, Dublin) & Dr Alan Gaffney (Beaumont Hospital, Dublin)</p> <p>CVP: much maligned and misunderstood Professor Sheldon Magder (Montreal, Canada)</p> <p>Echocardiography is the best cardiovascular monitor of all Professor Antoine Vieillard-Barron (Paris, France)</p> <p>Esophageal pressure monitors – for researchers only? Professor Laurent Brochard (Toronto, Canada)</p> <p>To cool the injured brain- how low, how long, if at all? Professor Alistair Nichol (University College Dublin)</p> <p>17.30 – 18.30 ISRA AGM in Canal Suite II</p>	<p>Level 5 Corridor: e-Poster Final Presentations</p>
--------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	------------------------------------------------------------------

Friday 10 th May 6 CEPD Pts 08:00-15:30	Hogan Suite	Canal Suite II	Other
08:00-09:30	<p>Caring for the Carers: maintaining wellness and resilience Chairpersons: Dr Sinéad Farrell (Chairperson CAT) & Dr Camillus Power (Tallaght Hospital, Dublin)</p> <p>Mindfulness Dr Stephen Mannion (South Infirmary-Victoria University Hospital, Cork)</p> <p>Can we pursue excellence using simulation? Dr Helen Higham (Oxford, United Kingdom)</p> <p>Anaesthesia Non-Technical Skills Professor Rhonna Flin, (Scotland, United Kingdom)</p>	<p>Delaney/Abbvie Young Investigators Presentations Chairperson: Professor George Shorten (Cork University Hospital)</p>	<p>ISRA Workshop – Ultrasound Workshop on Lower Limb Blocks</p> <p>Canal Café 08:30 – 12.30</p> <p>Please note that places are limited and pre-booking is required. To book email amitchell@coa.ie</p>
<p>Tea/coffee and Trade Exhibition 09:30-10:00</p>			
10:00-11:00	<p>Plenary Lecture Chairperson: Professor Donal Buggy (Mater University Hospital, Dublin)</p> <p>The BALANCED Trial Professor Kate Leslie (Melbourne, Australia)</p>
