

New PCS User Guide – e-Portfolio for PCS Year 2024/2025

Getting Set Up:

E-Portfolio Creation:

After your PCS Application is approved, an e-portfolio profile will be created for you on Risr/Advance (formerly Kaizen). This is where you will document and track all your PCS activities for the year.

Accessing the Membership Portal and E-Portfolio:

- Visit www.anaesthesia.ie and click on 'My College' at the top of the page.
- Select "login" from the drop-down menu.

First-Time Login:

- If you haven't logged into 'My College' before, select the 'forgotten password' option to create a new password. A password reset link will be sent to your email.
- Your username for the college membership account is your email address.

Accessing risr/advance from the Membership Portal:

- Once logged into the membership portal, click the link at the top left of the page to access risr/advance.
- If you haven't logged into risr/advance before, use your college ID (found in the college portal) and request a password reset email.

Unlocking Your risr/advance Account:

- Your Risr/advance account will remain 'PCS Locked' until you have either paid your PCS registration fee in full or set up a direct debit. Both options are available through the 'My College' portal on our website at <u>The College of</u> <u>Anaesthesiologists of Ireland – Anaesthesia, Intensive Care and Pain Medicine</u>.
- Paid accounts are unlocked in bulk weekly, but you can request an earlier unlock by contacting <u>professionalcompetence@coa.ie</u>.

Your Main Dashboard:

When you log into your Risr/advance profile, this is what your main dashboard will look like.

- Right-Hand Side: Displays your personal details.
- Top Middle: Shows a categorized breakdown of all your logged activity for the current PCS year. Below this, you'll find your Annual Statement of Participation, summarizing all CME credits acquired over the past years.
- Left-Hand Side: Contains your inbox and the 'Create New Event' option. Click here to create a PCS Logbook.

• Switching Between Roles: College tutors can switch between roles. In the top left of the screen, you will see either 'Tutor' or 'PCS RMP'. To switch roles, click on the arrow and select the desired profile.

- Dashboard: This is your main page and provides you with an individual dashboard.
- Timeline: Here you can view all your PCS logbook entries and Professional Development Plan. Submitted entries are displayed in green, and draft entries in orange. You can amend and update your entries in this section.
- Files: This section stores any supporting documentation that you upload to the system, such as certificates of attendance.
- Goals: As you submit your logbook entries, this screen will populate with your progress in each PCS category section of your dashboard.
- Reports: In this section, you can generate and download overall CSV/PDF reports of all your PCS logbook entries and Annual Statements of Participation in PDF format.

How to Add an Entry:

Create Entry: Click 'Create' or + in the top right of your dashboard. (For Tutors you will have the option "Myself" or "Someone else" to log PCS activity you will select "Myself")

Select Entry Type: Choose the type of entry you wish to make. Options include creating logbooks for PCS activity, Personal Development Plans, CPD-SS applications, and PCS leave requests.

Personal Development Plan (PDP): The PDP encourages you to define your practice, set goals for personal development, and identify any CPD and Clinical (Practice) audit activities you aim to achieve in the coming year. Completing a PDP is highly recommended. If you complete the Personal Development Plan form in your e-Portfolio by 30 September, youcan claim 2 credits in the Internal CPD category.

Further information on PDPs is available on HSELand.

Enter the start and end dates, and select the type of leave (Sick leave, Maternity leave, Carers Leave, Parental Leave, or Other).
