Dear Colleagues,

We are delighted to invite you to join the Irish educational network of the Association for Cardiothoracic Anaesthesia and Critical Care (ACTACC).

ACTACC is a UK-based professional association dedicated to supporting all levels of cardiac and thoracic anaesthetists and intensivists with a focus on cardiothoracic surgery postoperative care. Our mission is to ensure the highest standard of perioperative care for patients undergoing cardiac surgery, thoracic surgery, cardiology procedures, or those in need of cardiac intensive care.

As part of our commitment to strengthening the ACTACC community, we are eager to connect with our colleagues in Ireland. We believe that fostering connections between our communities will enable us to share valuable expertise, collaborate effectively, and enhance the practice of cardiothoracic anaesthesia across both the UK and Ireland.

By joining our network, you will gain free access to a host of professional benefits, including exclusive educational resources, the latest research and clinical developments and networking opportunities with peers and leaders in the field. ACTACC works in close partnership with international societies, namely the Society for Cardiothoracic Surgery in Great Britain & Ireland (SCTS), the European Association of Cardiothoracic Anaesthesiology and Intensive Care (EACTAIC), the International Academy of Cardiac Anaesthesiologists (IACA), and key industry stakeholders focused on cardiothoracic care.

By sharing your contact details with us and signing up to our newsletter you will be to be part of a vibrant, collaborative community committed to improving patient care and shaping the future of our speciality. You will receive regular updates on initiatives, educational events, and opportunities to get involved with our community, as well as contribute to shaping the future of our organization.

To join, please follow this link to submit your details:
